Dear Mr. Falkin:

Confirming our telephone conversation of this date, Mobil has until May 16, 1988 to respond to your Section 101(e) CERCLA letter concerning the above. As I have advised you, Mobil's Paulsboro Refinery has a substantial number of records apparently responsive to your request. While we intend to make a diligent effort to supply all of the requested material by the May 16 date, it may be that the volume of records are such that not all of the responsive material can be supplied within the time now available. We shall provide you installments of materials as same becomes available and expect that all of the material will be in your hands no later than May 20, 1988.

Thank you for all courtesy's extended.

Very truly yours,

W. C. Streets
